incorrigible" (or a person or their tendencies) not able to be corrected, improved, or reformed.

How are we doing on resurrecting that self-esteem, Creator?
I don't know! Shut up! I'm working on it, Krey-Krey!
200 Volts!
CLEAR!
CHARGED!

How can we assist you today?
I want a self-esteem implant, sir!

Self-Esteem

Something incorrigible is broken internally.

The only doctor I need is Doctor Who. & his time machine to reverse the damages done by the humans who raised and programmed me to be exceptional at self-laathing.

I'm as secure as a Windows laptop without antivirus. Which is very insecure, if you didn't get the analagy.
